

# 2024 Late Season Cover Crop Seed Mix

## **Multi-Species Conservation Mixes for Soil Health**

The New Hampshire Conservation Districts in cooperation with the NH Soil Health Partnership are offering cover crop mixes specially designed to improve soil health on NH farms, at wholesale prices.

### **Order Now! Late Season Mix**

To be planted September 15 - October 7.

Good For: Following silage corn and late vegetable crops.

Contains: Winter rye, forage oats, turnip.

Application Rate: 75 lbs per acre.

Price: \$42 per 50 lb bag.

Learn more about soil health and NH cover crop trials at [nhsoilhealth.org](https://nhsoilhealth.org).

Make sure you are on the mailing list for your local District to find out about next year's cover crop seed mix sales, plant sales, and more!

# 2024 Order Form

## Late Season Cover Crop Seed Mix

**Submit your order by August 29, 2024**

Name:
Street Address:
Town, State, Zip:
Phone Number:
Email Address:

Item	Price	Quantity Ordered	Total Cost
Late Season Cover Crop Mix, 50 pound bags	\$42.00 per bag

 Grafton County Conservation District  
 PO Box 64  
 North Haverhill, NH 03774

**Order pick-up information:**

Pick-up locations will be finalized after the order deadline for each mix. The more orders we receive, the more locations there will be. We will attempt make convenient arrangements; either dropping the order off at your farm, or providing a local pick up location, but you may need to drive to the Concord area to pick up your order if other arrangements aren't feasible. Please reach out by phone or email if you'd like to know more about pick-up arrangements.
